Bachelor's Thesis Advisory Agreement

Professorship of Computer Engineering

Faculty of Computer Science

TU Chemnitz

Last Name: First Name:

Student ID:

E-mail:

Mobile Phone:

(Working-) Title of the Bachelor's Thesis:

Starting Date:

Tentative Concept Presentation Date:

The student will carry out the work independently. He or she is responsible to meet all the deadlines of the schedule according to the guidelines[1]. The student is also aware that he or she always needs to initiate the contact to the advisor at the host company if applicable, as well as at the university in a timely manner.

The concept presentation and the defense presentation are mandatory and must be hold on the assigned appointment dates. The bachelor's thesis lasts for 18 weeks and ends with the submission of the thesis report, whose content[2] must enclose a minimum of 60 pages[3]. The written report is checked against plagiarism with an external software.

The student is requested to submit the following documents to the university supervisor via e-mail to ce-teaching@informatik.tu-chemnitz.de

- 1 week after the starting date: Web presentation

- 1 week after the starting date: Initial poster

- 1 week after the starting date: Detailed project plan using a Gantt chart

- 2 weeks before the tentative concept presentation date: Concept presentation slides

- 6 weeks after the registration date: Table of content of the written report

- 2 weeks before the submission deadline: Draft version of the written report

- 2 weeks before the submission deadline: Draft version of the defense presentation slides

- Day of the submission deadline: Final soft copy of the written report + final defense presentation slides

I confirm herewith that I have read and understood the guidelines for writing a bachelor's thesis at the professorship of Computer Engineering at Chemnitz University of Technology. I agree to follow the guidelines and to immediately inform about any changes.

I also confirm that I will not distribute or publish any of the articles, papers, source codes, designs, concepts, datasets or any kind of materials that I have received or will receive from my supervisors.
