

Before you start with your master thesis you should have passed all exams.

For any communication you have to use the email address ce-teaching@informatik.tu-chemnitz.de. If you have already a ticket you have to use this one.

Within 5 to 7 working days you will get an answer to your request.

Only in urgent and important matters a phone call helps and is necessary.

General questions in case of master thesis are also answered at a central consultation hour on Thursday from 1.30 pm to 2.30 pm in office 1/018C.

A master thesis needs to be registered via OPAL: <https://bildungsportal.sachsen.de/opal/auth/RepositoryEntry/10056597504>

Following information are necessary in particular for external theses:

- Only a topic with task description which fulfills the requirements at Department of Computer Engineering can be processed further to approval.
- Don't forget the additional information like name and contact details of external advisor, student ID number and current transcript of credit points as pdf file.

For university internal master theses only the announced topics are possible.

It is necessary to read the guideline for master thesis before start to work on it.

All defined timelines and deadlines within the guide for master thesis have to comply.

The printed version has to be delivered in hardcover. In particular spiral binding cannot be accepted.
