## Part 1-0. When the list of courses is fixed?

 The list of courses keep changing till the course registration starts.

### The Beginning of the Course Registration Period

- Spring Semester : Late February
- Fall Semester : Late August

 The draft of the list of courses is available earlier. We provide international students with this draft in the excel file format.

 Since the list constantly changes, it is necessary to check the list of courses in the course search system. For details, please see other questions in this FAQ.

## Part 1.3 How to Find Restricted Courses (Courses only for Majors)

### Undergraduates

[To the Main Index \(Click\)](#)

## **What is the restricted courses?**

Restricted courses are the courses allowed only to a specific majors. For example, if your major is mechanical engineering, you can enroll a mathematics course offered by the department of Mechanical Engineering but cannot enroll the mathematics course offered by the department of Economics if the mathematics course of the Economics is a restricted course. In other words, the restricted courses for a particular major are available only to the students of that major.
