n CITIES SEMINAR

ABSTRACT

The n cities seminar is organized by mathematicians from the universities of Chemnitz, Dresden, Freiberg, Halle and Leipzig, as well as the Max Planck Institute for Mathematics in the Sciences (MiS) in Leipzig (currently by Swanhild Bernstein, Ralph Chill, Thomas Kalmes, Felix Otto, Felix Pogorzelski and Nils Waterstraat) and is dedicated, but not restricted, to a variety of fields in a neighborhood of analysis, amongst them:

- Functional analysis
- Analysis of partial differential equations
- Complex analysis
- Operator theory
- Theory of operator semigroups
- Probability and ergodic theory
