

**Donnerstag, 17.07.2025, 14:30 Uhr**

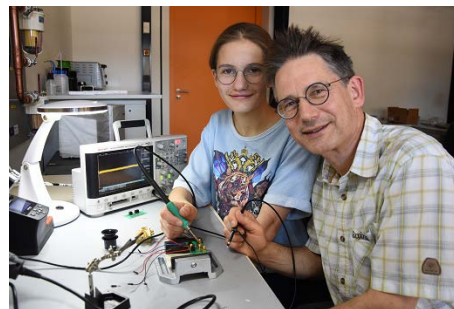

Ort: Reichenhainer Str. 90; Zentrales Hörsaal- und Seminargebäude, Raum C10.013

**Father & Son**

## Panoptikum

**10 years at TU Chemnitz,**  
**20 years after my habilitation,**  
and (almost) **60 years of physics,**  
this symposium and colloquium  
highlights topics of modern optics,  
optogenetics, and optoelectronics.

**Father & Daughter**

14:30 Uhr

**Dr. Christian Goßler**

Universität Göttingen

On the Optical Stimulation of Neurons in the Human  
Cochlea – on the crossroad of optoelectronics and bio-  
medicine

15:00 Uhr

**secret headliner**

15:30 Uhr

**Prof. Dr. Piotr Perlin & Dr. Anna Kafar**

Polish Academy of Sciences, Warschau

Laser Diodes in the Short Visible Wavelength  
Range

16:00 Uhr

**Prof. Dr. Asa Haglund**

University of Göteborg

Photonic Crystal Surface Emitting Lasers
