

ENGLISH CONVERSATION COURSE

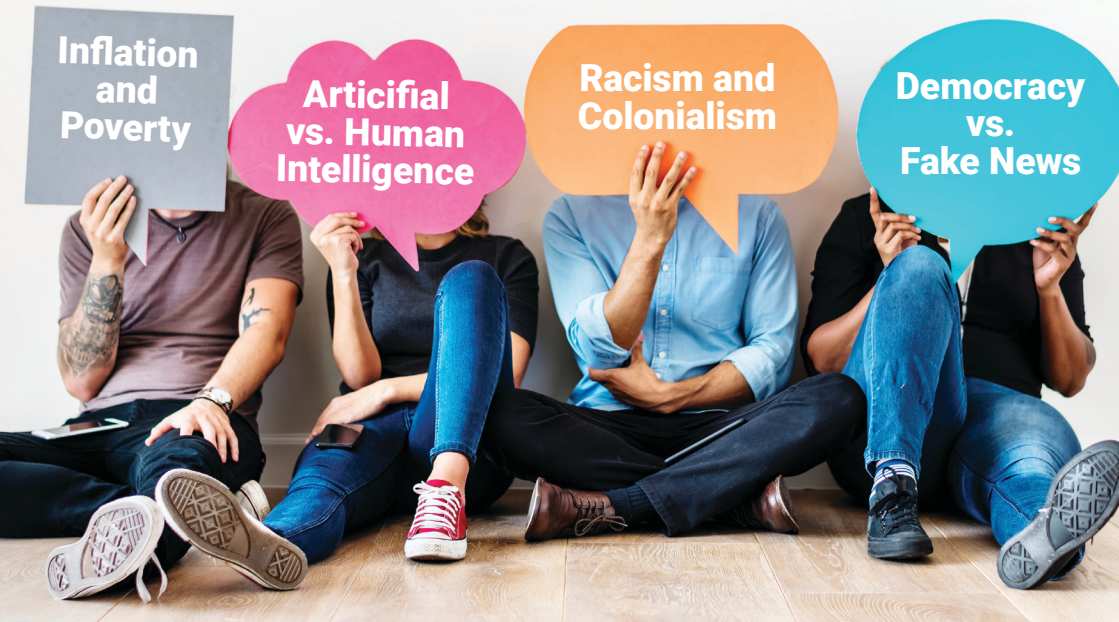

for students and academic staff

Fridays 9:15 to 10:45

Weinholdbau WK81 (C25.U81)

LET'S TALK ABOUT IT!

War, inflation, poverty, a pandemic, an energy crisis...world events are enough to leave us speechless...Let's change that! Join me for critical discussions of current events, scientific developments or political crises. We'll find the words to express our concern, outrage and despair, and find logical, well-founded arguments to counter conspiracy theories and fake news. I'd like you to have your say. To sign up, please contact me.
